ABOUT US

Dear **KARTIK PENDYALA**,

Welcome to **Brio Elevators** — where tradition meets innovation to redefine the vertical transportation experience. With over **six years of expertise in elevator sales**, we've proudly emerged as a pioneering force in the industry.

As the first **Indo-Italian elevator company**, **Brio Elevators blends the rich heritage of Italian craftsmanship** with the dynamic innovation of **Indian engineering**.

At the heart of our company lies a deep commitment to **safety and quality**. **Our primary components—including motors and controllers sourced from Italy—are CE certified** and comply with the most rigorous European safety regulations, including **MD 2006/42/EC** and **EN 81-41**. Our key components are imported to ensure the highest European standards, **while the remaining components are manufactured in India in compliance with ISO 9001:2015 standards**.

What truly sets us apart is our unique manufacturing model:

- **Core mechanical systems** are crafted in Italy
- **Designer cabins and shafts** are manufactured in our in-house facility in India

This hybrid approach allows us to offer unmatched safety, quality, and design flexibility tailored to a variety of customer preferences.

At Brio Elevators, we don't just build elevators — we build **trust, reliability, and customer satisfaction**. Our **signature Home & Mobility Series** offers an exclusive line of residential elevators featuring **state-of-the-art technology, ultra-quiet operation, and exceptional energy efficiency**. Designed with care, precision, and a love for Italian aesthetics, these elevators seamlessly integrate into your home environment.

With Brio Elevators, you don't just move — you move with **Style, Safety, and Peace of mind**.

SYED THAJUDDIN

With sincere appreciation,

The BRIO Team

The logo for Brio Elevators, featuring the word "BRIO" in a bold, light blue, sans-serif font. The letter "O" is stylized as a circle with a grey triangle pointing towards the top right, resembling an elevator cab or a stylized 'G'.

WARRANTY AND MAINTENANCE:

The elevator comes with a 1 year warranty of Motor and 1 year for all parts against any manufacturing defect. We also Provide 1 year free service. We will provide 2 routine service per year during the Maintenance period From 2nd year onwards there will be an option for Annual Maintenance Contract (AMC)

Comprehensive AMC 7.5% of the Basic Cost: Routine maintenance service and Complaints will be attended to wherein the parts are also covered.

Non-comprehensive AMC 5% of the Basic Cost: Routine maintenance service will be carried out and complaints will be attended to, but any part that needs replacement will be charged.

BRIO Elevators LLP shall not be liable to the Customer or to any other person whomsoever for any loss, damage, defect, malfunction, delay, or consequential loss of any nature whatsoever, including but not limited to liquidated damages, theft, negligence, rain, fire, pests, acts of nature, and acts of God.

Further, BRIO Elevators LLP shall not be responsible or liable, nor shall any warranty or guarantee apply, if any inspection, repair, alteration, maintenance, adjustment, or rectification of the elevator or its components is carried out by any unauthorised person, third party, or agency not expressly approved or appointed by BRIO Elevators LLP. Any such unauthorised intervention shall automatically void all warranties, guarantees, and liabilities of BRIO Elevators LLP.

TERMS OF TRANSMISSION:

We anticipate being in a position to manufacture and dispatch all required components ex-works, subject to the fulfillment of the following conditions:

- Completion of plastering work on the lift shaft walls
- Approval of the General Arrangement Drawing (GAD) by the customer
- Fulfillment of payment obligations necessary for ordering materials

In the event that the above conditions are not met and the site is not made ready as per these prerequisites, we reserve the right to postpone the dispatch of materials and any subsequent project activities accordingly.

TERMS OF ERECTION:

Our quotation includes the erection of lift components along with all necessary skilled and competent labor required for the complete installation, wiring, and testing of the lift.

The erection period will commence from the date the lift shaft is handed over to us, following the completion of all related civil works as mutually agreed.

The time frame required to complete the erection and commissioning is 4 working weeks from the date the materials are delivered to the site. If there is any delay in handing over the site as per the mutually agreed timeline due to reasons attributable to the customer, the supply and installation schedule will be adjusted accordingly to align with the revised site readiness — without any penalty or obligation on our part.

CUSTOMERS CONTRACT OBLIGATIONS:

- The Contract excludes, the ensuing components and it shall be authority of the customers to Render these to encounter, our prerequisite hither to transmission of materials and prior to Originate the installation.
- Construction of lift shaft and Overhead as per our General Arrangement drawing (GAD). Dividing beams for multitudinous wells and inter well pits screens. Pit should be waterproof. Scaffolding, Planks, Guarding of Openings and ladders to our prerequisite.
